**Subject:** RE: January 26 Workgroup Co-Chairs Meeting

Couple things:

First the most important thing --- Lunch. We need to get the final order in. I'd like to place this order first thing Tuesday morning, so I need an answer from you no later than **close of business Monday**. There is a twist to this. We were unable to get approval to cover the cost for lunch for Commonwealth employees. Lunch is a mix of sandwiches, salad and dessert. So:

For Non-Commonwealth employees, I just need confirmation that you would like us to order lunch for you. Also do you have any dietary restrictions, like gluten free or vegetarian.

For Commonwealth employees, we have a couple options. You can pack your lunch, leave and go get lunch (but that means no discussion with your co-chairs who are staying for lunch) or come with \$8.95 and participate in the catered lunch. The vegetarian or gluten free option is \$9.25.

Second, the Local Areas Workgroup has been working very hard this week to finalize the materials for our discussion on Friday. They just need a little more time. Materials will be sent out on Monday. My apologies for the delay.

Have a wonderful weekend and see you all next week.

**Subject:** January 26 Workgroup Co-Chairs Meeting

Everyone,

Please find attached the agenda for our January 26 meeting at the Bureau of Labs and notes from our December meeting. We are working on providing lunch for everyone. Some things of note:

1. There won't be a conference call with Alex Chiaruttini. Scheduling just didn't work out. Instead, she will be attending our meeting for this purpose. This just seemed like the best alternative so that everyone could hear the conversation.
2. Handouts and presentations are close to being finalized for this meeting. These will be sent to you no later than next Friday, January 19 to give you at least a week to review.

In the meantime, I hope you are all continuing to work on the information requests we identified as critical to move the development of local planning goals forward. Specifically,:

- A list of the most effective best management practices
- Expected reductions from existing and new programmatic initiatives
- Any innovative approaches to implementation

This information will be a key component of our discussions on the 26 and is the primary subject of discussion at the February 15 Steering Committee meeting.

As always, any comments, questions or concerns, please don't hesitate to contact me or Kristen. I look forward to another successful meeting on the 26<sup>th</sup>.
